

# THE MALAYSIAN JOURNAL OF PATHOLOGY

## CONTENTS

### INVITED REVIEW

- Which methods of donor recruitment give the safest donors? .....99  
B Wylie
- Epstein-Barr virus associated diseases: an update .....105  
R Pathmanathan

### ORIGINAL ARTICLES

- A direct <sup>3</sup>H-radioligand assay for serum progesterone  
compared with an assay involving extraction of serum .....115  
Ismail AR and N Satgunasingam
- Invasive aspergillosis - a rabbit model .....119  
Shamin AS, Mohamed Salleh MY, G Arumugham and KL Yap
- Evaluating in-house antiserum against B cells with flow cytometry ..... 125  
SF Chin, SK Cheong, YC Lim, KL Mok and HN Hamidah
- Four quadrant fine needle aspiration cytology of non-palpable  
benign proliferative breast lesions .....131  
G Jayaram, S Lamba and A Kakar
- Four quadrant fine needle aspiration cytology for the detection of  
benign proliferative breast lesions accompanying breast carcinoma ..... 137  
G Jayaram, M Gupta and S Lamba
- Comparison of HIV antibody profiles in intravenous drug users  
and individuals infected by the sexual route ..... 143  
S Subramaniam, V Balasubramaniam, M Sinniah, R Thayan and LY Lim
- Prealbumin rather than albumin is a more sensitive indicator of  
acute liver disease .....147  
MY Yasmin, B Aziz, M Nazim and RK Madhavan
- Alpha-1-antitrypsin immunoreactivity in the small bowel in coeliac disease .....151  
AK Malik and JOD McGee

### CASE REPORT

- Disseminated histoplasmosis mimicking miliary tuberculosis:  
a case report. ....155  
KS Chan, LM Looi and SP Chan

### CORRESPONDENCE

- Prevention of long crystal formation in myeloperoxidase staining .....159  
SF Chin and SK Cheong
- Prolonging the shelf-life of freeze-dried G6PD reagent tubes .....161  
SK Cheong and SF Chin
