

THE MALAYSIAN JOURNAL OF PATHOLOGY

Abstracts of papers of the
24th World Congress of Pathology and Laboratory Medicine
Sunway Pyramid Convention Centre, Petaling Jaya, Selangor, Malaysia
20th to 24th August 2007

Theme: “Meeting the challenges of globalisation and miniaturisation”

CONTENTS

Keynote lecture: The impact of monoclonal antibodies on diagnosis and therapy.....	1
Self CH	
Plenary Lecture 1: Biology and diagnostic applications of plasma nucleic acids.....	2
Lo DYM	
Plenary Lecture 2: Systematic approach to diagnosing prostate cancer.....	3
Epstein JI	
Plenary Lecture 3: Cybernetics of cytokines and chemokines: pathophysiology and clinical applications	5
Lam CWK	
Plenary Lecture 4: The history of CAMPATH-1 antibody.....	6
Waldmann H	
Special Lecture: Meeting the challenges of globalisation and miniaturization	7
Melo Murilo	
Presidential Symposium	
New models for laboratory testing in a global environment.....	8
Travers H	
Pathology workforce crisis and training	8
Newland A	
Laboratory ethics	9
Melo Merilene	
Symposium 1A: Current updates on laboratory management	
Reconstruction of the clinical laboratory – extended service to clinical medicine.....	10
Tetsuro Sugiura	
Total laboratory automation – pros and cons.....	10
Sunil Sethi	
The role of the clinical pathologist in supporting clinical decisions	11
Edwards GA	

Symposium 1B: New developments in myeloma management

Pathogenesis of myeloma – insights from dtZ trial	12
Teoh G	
New and relevant investigations for diagnosis and monitoring in myeloma	12
Gibson J	
Are newer agents for myeloma treatment curative?	13
Ng SC	

Symposium 1C: New paradigms in anti-infective therapy

RNA Interference – The role of siRNAs as alternative therapeutic agents.....	14
Urosevic N	
Nanotechnology in early disease detection and diagnostics	14
Trau M	
Turning the tables on quorum sensing – autoinducers of quorum sensing as targets for infection control.....	15
Zhang LH	

Symposium 1D: Diagnostic challenges in urogenital pathology

Mimickers of high grade prostatic intraepithelial neoplasia (HGPIN).....	16
Epstein JI	
Testicular tumours.....	17
Pathmanathan R	

Symposium 1E: Managing mass disasters

Identification and repatriation.....	18
Porntip Rojanasunan	
Mass grave investigations	18
Ong BB	
Global cooperation in mass disasters.....	19
Ranson D	

Symposium 2A: Technological advances

Lean Six Sigma in laboratory service	20
Melo Murilo	
Lab optimization via automation	20
Christopher C	
Tumor chemosensitivity and chemoresistance assays	20
Engin U	

Symposium 2B: Recent advances in blood cancers

The diagnosis and treatment of natural killer cell malignancies.....	22
Kwong YL	
The bone marrow differential count: uncertainties and unknowns.....	22
Lee SH	
How curable is the low grade indolent lymphoma?.....	23
Saw MH	

Symposium 2C: Metagenomics

Metagenomics: discovering microbial diversity.....	24
Koh CL and Chan KG	
Metagenomics: mining novel genes.....	24
Chan KG and Koh CL	
Lab-on-Chips.....	25
Liu WT	

Symposium 2D: Problem areas in surgical pathology

Diagnostic issues in gastrointestinal pathology.....	26
Lee CS	
Classification of and approach to interstitial lung disease.....	26
Kerr KM	
Placental Pathology.....	27
Hayati AR	

Symposium 2E: Forensic autopsy

MRI/CT assisted autopsy.....	28
Ranson D	
The modern approach to the negative autopsy.....	28
Ong BB	
Death in healthcare and forensic pathology.....	29
Ranson D	

Symposium 3A: Inflammatory markers

Inflammatory markers and cardiovascular diseases – bystanders or culprits?.....	30
Sullivan D	
Clara cell 10 kDa protein as an anti-inflammatory marker.....	30
Yoshihisa Itoh	
Inflammatory markers and cancers.....	31
Takayuki Takahashi and Shinpei Kasakura	

Symposium 3B: Risk management in myeloproliferative disorders

How useful is the WHO Classification of the myelodysplastic syndromes.....	32
Gibson J	
Thrombosis risk in the chronic myeloproliferative disorders	32
Spivak JL	
Overcoming blast crisis in chronic myeloid leukaemia – have we been successful?	33
Newland A	

Symposium 3C: Importance of information technology in infectious diseases

Microarray gene expression analysis	34
Cheong SC and Teo SH	
Bioinformatics analysis in the diagnosis and management of human genetic diseases – challenges and opportunities.....	34
Prashanth G Bagali, K Raghavendra, Rozaimi Mohd. Razali, Aklank Choudhary, P D Antony, Herold Prabhu, Pramod G Bagali, Shamala Devi and Jamunarani S Vadivelu	

Symposium 3D: Surgical pathology of the liver

Clinico-morphological patterns of hepatitis.....	36
Naruemon W Klaikaew	
Paediatric liver diseases: histopathologic patterns on liver biopsies.....	36
Avila JMC	
Reporting liver biopsies: an algorithmic approach	37
Wee A	

Symposium 3E: Clinical forensics

The role of molecular methods in crime scene investigation.....	38
Koh CL	
Investigation of rape.....	38
Zahari MN	
Criminal abortion?	39
Abdul Karim Tajudin	

Symposium 4A: Diabetes Mellitus

Studies on medicinal plants useful in diabetes mellitus and diseases associated with elevated lipids.....	40
Murthy PS	
Global standardisation of HBA _{1c} : What can we expect?	40
Gillery P	

Autoimmunity in Diabetes mellitus	41
Masami Murakami	

Symposium 4B: New treatment strategies

Monoclonal antibodies to harness tolerance processes in transplantation and autoimmunity	42
Waldmann H	
Arsenic trioxide in cancer therapy	42
Kwong YL	
Potential of mesenchymal stem cells in cell-based therapy	43
Cheong SK	

Symposium 4C: Emerging viral diseases

The story of Nipah virus	44
Chua KB	
Avian Influenza	44
Nor Shahidah Khairullah	
Laboratory medicine of SARS	45
Lam CWK	

Symposium 4D: Advances in breast cancer

Pathological assessment for targeted therapy	46
Lakhani SR	
In situ breast carcinoma	46
Tan PH	
Telomerase in breast cancer	47
Looi LM	

Symposium 4E: Quality Assurance Symposium

Developments in Quality Assurance – meeting new challenges	48
Gardner I	
Quality assurance in microbiology	48
Morris A	
Virtual microscopy – Its use in diagnostic proficiency testing in Anatomical Pathology and its potential in other disciplines	49
Davies DJ	

Symposium 5A: Metabolic syndrome

Metabolic syndrome: its significance and application in clinical practice	50
Chan SP	
Modification of HDL – Implication in cardiovascular disease	51
Frank EA	
Body fat distribution – its link with diabetes and metabolic syndrome	51
Mohan V	

Symposium 5B: Molecular genetics

Between genotype and phenotype: genetic modifiers in beta Thalassemia.....	53
Suthat Fucharoen, Pranee Winichagoon, Orapan Sripichai, Wattanan Makarasara and Saovaros Svasti	
Polymorphisms in hepatic lipase – a new biomarker?	53
Pulchinelli A	
Genetic polymorphism of warfarin resistance	54
Kuperan P	

Symposium 5C: Symposium on Tuberculosis

MDR tuberculosis in Indonesia: Importance for standardization before XDR widespread	55
Lia Gardenia Partakusuma	
Molecular epidemiology of <i>Mycobacterium tuberculosis</i> in Indonesia: A predominance of Beijing genotype strains and its clinical significance	55
Ida Parwati	
Rapid tuberculosis diagnostic test developed in the Department of Clinical Pathology, Dr Soetmo Hospital, Surabaya	56
Jusak Nugraha, Yolanda Probohesodo and Indro Handojo	

Symposium 5D: Cervical cytology

Quality issues in cervical cancer screening	57
Chew SH	
Glandular lesions of the cervix	57
Hwang J	
Atypical squamous cells in cervical smears – issues and controversies	58
Krishnan RI	

Symposium 5E: Transplant pathology

Liver transplant pathology: causes of late allograft dysfunction	59
Wee A	

Liver transplantation and new therapeutic approaches for familial amyloidotic polyneuropathy (FAP).....	59
Yukio Ando	
Neuropathology of bone marrow transplantation	60
Bleggi-Torres LF	
Symposium 6A: Therapeutic drug monitoring	
Quality control of therapeutic drug monitoring	62
Holt DW	
Therapeutic drug monitoring of antiretroviral drugs	62
Ray J	
Immunosuppressive drug monitoring	63
Oellerich M	
Symposium 6B: Old problems, new solutions in Haematology	
Molecular diagnosis of haemoglobin disorders	64
Suthat Fucharoen, Pranee Winichagoon, Saovaros Svasti, Orapan Sripichai, Thongperm Munkongdee, Chen Ping, Ye Bangce, Duangmanee Saenman and Kai Tang	
Non-myeloablative cord blood transplantation in adults	64
Shuichi Taniguchi	
Cellular molecular imaging - the way forward	65
Dharmendra H	
Symposium 6C: Molecular diagnosis of viral disorders	
Molecular diagnosis of viral disorders: HIV	66
Melo Murilo	
Hepatitis C	66
Balaratti C	
Review on Hepatitis B and chronic Hepatitis B.....	67
Alcantara FFP	
Symposium 6D: Current issues in fine needle aspiration cytology	
FNA of liver: diagnosis of hepatocellular carcinoma	68
Wee A	
FNA of lymph node: Is it good enough for diagnosis of lymphomas?.....	68
Sharifah Noor Akmal	
FNA of the breast: Do we still need core needle biopsies for diagnosis of breast cancers?.....	69
Tan PH	

Symposium 6E: Education and research for pathologists

Appraising the literature: can we believe what we read?.....	70
Lee CS	
Molecular diagnosis: strengths and pitfalls.....	70
Lakhani SR	
Research for surgical pathologists	71
Kerr KM	

Lunch Symposium 1: Bricks, Tools, Chips, Brains for the modernisation of Laboratory Medicine in Italy and Europe

Downsizing and modernization of Laboratory Medicine in Italy and SIMeL.....	72
Cappelletti P	
Information technology, LIS and HIS: A never ending story	72
Caputo M	
An electronic thesaurus of EBLM diagnostic tests.....	73
Dorizzi RM, Giavarina D, Loza G, Aman M, Moreira J, Bisoffi Z and Gennuso C	
Pathology education and research in Germany	73
Oellerich M	

Lunch Symposium 2: Strategic planning and budgeting for pathology laboratories

Strategic planning for a pathology laboratory.....	75
Erasmus RT	
Budgets and the budgeting process: What the pathologists need to know.....	75
Zemlin AE	
Assessing productivity and efficiency in the clinical laboratory: Understanding the basic tools.....	75
Writes R	
Resolving conflict in the pathology laboratory	76
Schneider JW	

Lunch Symposium 3: Update in cardiac pathology

Pathology of the cardiomyopathies.....	77
Butany J	
The autopsy approach to sudden cardiac death.....	77
Beh PSL	
An approach to interpretation of endomyocardial biopsies	78
Butany J
